Step 9: Take 1/16" punch and drop it in the takedown pin hole, place the slide back and make sure the logs are lined up in the barrel

Step 10: Take your takedown pin and drop it right in, and make sure the ledge is on the bottom, and press on it until you hear it snap into place

Step 11: Place the slide forward again.

Step 12: Slide back and forth to make sure everything is in place
