M-CARBO
INTELLIGENT * INDEPENDENT * INNOVATIVE

You must be 18 yrs of age to purchase. We advise that all parts purchased from our inventory be installed and inspected by a qualified gunsmith. Modifying your weapon may be prohibited in your state. Do not modify your sear or hammer engagement surfaces. Before installing please be sure to check all local state and federal laws. By installing this part you agree to take full responsibility for any and all legal, health and warranty consequences that may be incurred.

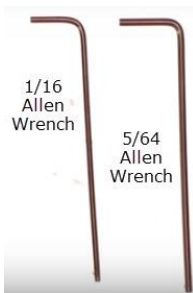

Step 1

Clear your firearm. Check the Chamber, Bolt Face, and Magazine Well.

Step 2

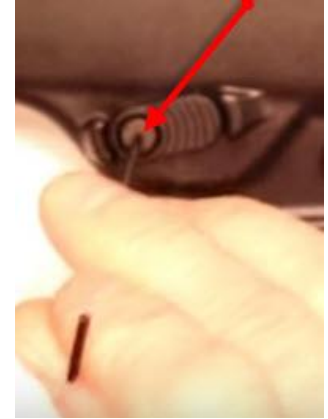

Make sure you have all the tools needed:

1. 1/16 Allen Wrench
2. 5/64 Allen Wrench
3. Ruger PC Carbine Extended Magazine Release Kit
4. OPTIONAL: Rocksett OR Loctite Blue 242

Step 3

- Remove the Magazine.
- Take the 1/16 Allen Wrench to loosen the screw holding the factory Magazine Release.
- Remove the screw and factory magazine release.

Side by Side Comparison:

M-CARBO
INTEGRITY • PRECISION • PROTECTIVE

Do not modify your sear or hammer engagement surfaces. Before installing please be sure to check all local state and federal laws. By installing this part you agree to take full responsibility for any and all legal, health and warranty consequences that may be incurred.

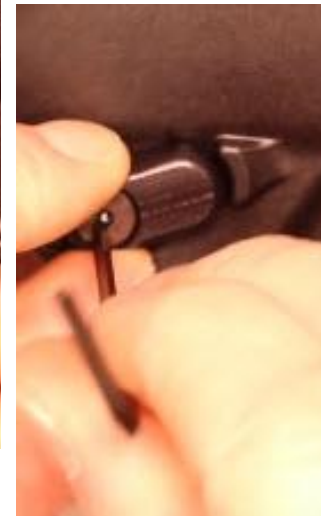

Step 4

Take the new 8/32x1/2" flat head screw, and if using Rockset or Blue Loctite 242, apply a small dab to the screw before placing in the new Aluminum Extended Mag Release

Step 5

Align the screw to thread the spring, and compress the spring, while using the 5/64 Allen Wrench to tighten it up.
